

# SATCHIDANANDA JOTHI NIKETHAN

## International School (Senior Secondary)

(Affiliated to CBSE New Delhi - Affiliation No. 1930365)

Ooty Main Road, Mettupalayam, Coimbatore - Dist. - 641 305

## PROSPECTUS

We educate the mind:  
Illuminate the soul

**Founder Trustee**  
**His Holiness**  
**Sri Swami Satchidananda Maharaj**

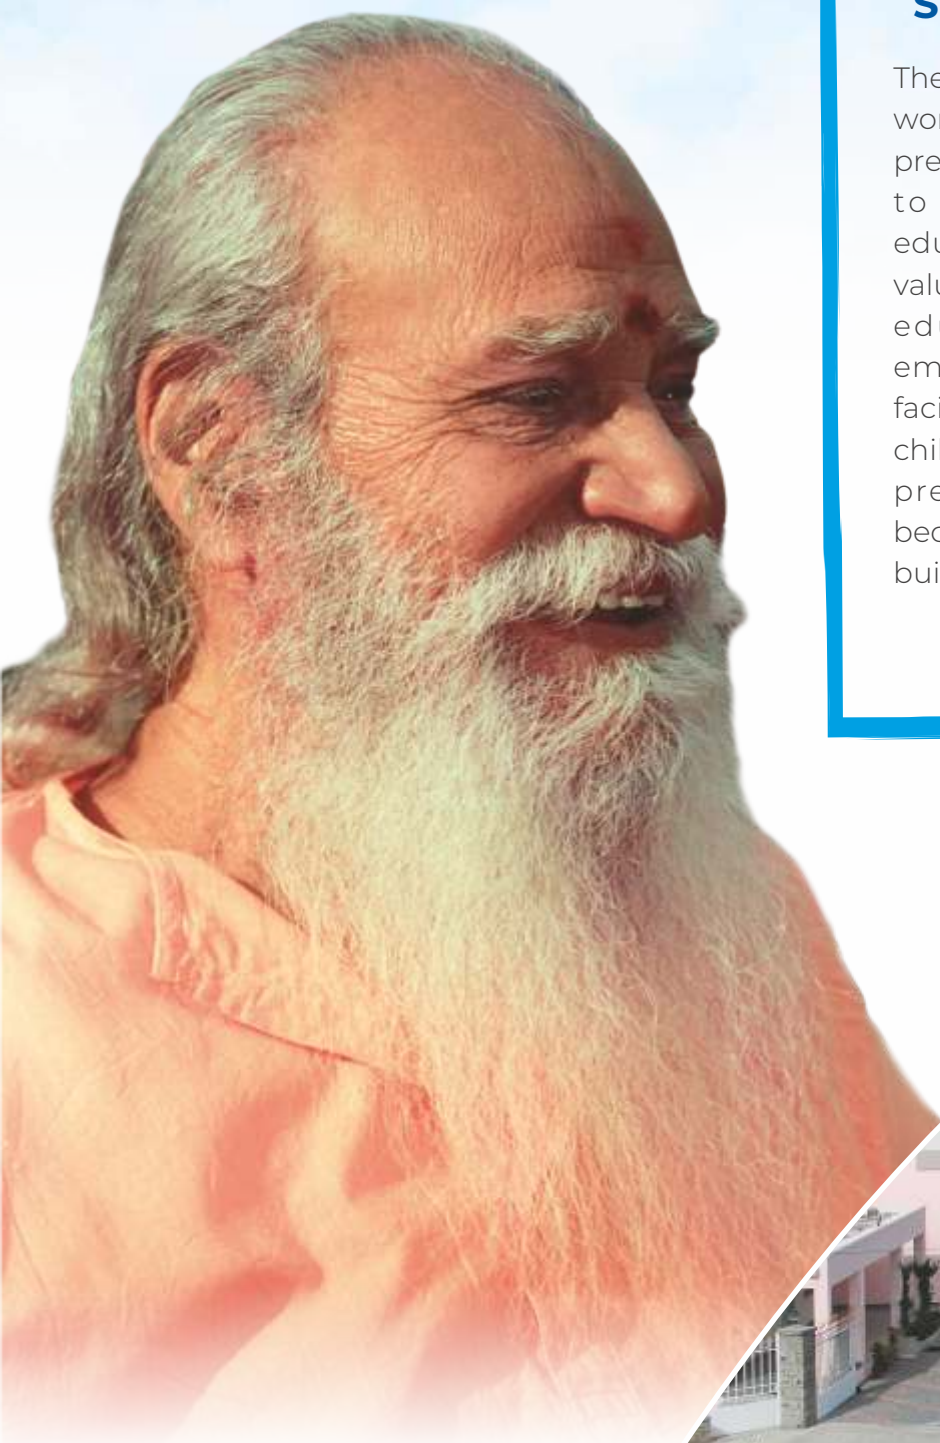

“

**Sri Gurudev's Message**

The Future of our country and the world depends upon children. This present generation is relying on us to mould them with proper education and with high moral values. That is why we need good educational institutions with eminent teachers and superior facilities. Please join us in serving the children. With your help we can prepare our young people to become better citizens who can build a better world.

-Swami Satchidananda

”

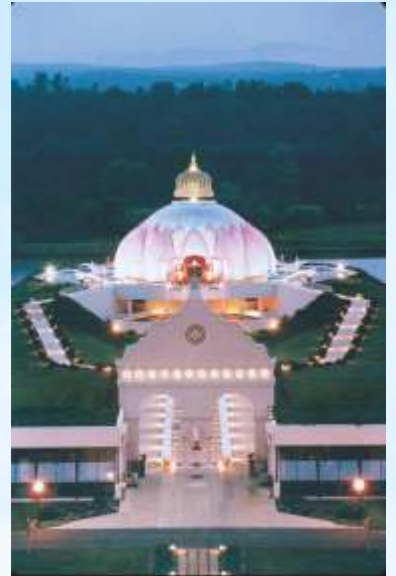

Swami Satchidananda Maharaj, a world renowned Yoga Master, founder of Integral Yoga Institutes in various parts of the world, visualised the need for a school of par excellence. The school SATCHIDANANDA JOTHI NIKETHAN is His brain child. To bring this into reality, Swamiji has established a trust, viz Swami Satchidananda Foundation.

Swami Satchidananda Maharaj, known as Sri Gurudev by His disciples, was born on 22nd December, 1914 in Chettipalayam, on the outskirts of Coimbatore, Tamilnadu, India. During His period of intense sadhana, He studied under many great sages and saints of South India. In 1947 He met His master His Holiness Sri Swami Sivanandaji Maharaj, founder of the Divine Life Society. On 10th July, 1949 in Rishikesh, He was initiated into the Holy Order of Sanyas. In 1953, Swami Sivanandaji sent Him to Sri Lanka where He served for the next 13 Years.

In 1966, Sri Swamiji was invited to New York for an intended 2 day visit. He was immediately surrounded by students who wanted to study yoga, under His guidance. He extended his stay in the U.S. to fulfill their wishes. He is highly respected and loved by devotees all over the world. He is the founder of Integral Yoga Institute with centres throughout North America, Europe and India. Sri Swamiji Himself does not belong to any one faith, group or country. Dedicated to the principle - "Truth is one. Paths are many" - He travelled and served wherever he was invited. He had long dream of a permanent place where all can come together to individually realise that one Truth behind all names and forms. The LOTUS (Light Of Truth Universal Shrine) is such a place, opened in July 1986, the shrine, inspired and designed by Sri Swamiji himself, is located in the U.S.A. at Satchidananda Ashram, Yogaville in Virginia. It is dedicated to the light of all faiths and to world peace and stands as a beautiful example of the Universal teachings of Sri Swami Satchidananda Maharaj.

Swamiji attained Mukthi on August 19, 2002.

## WELCOME TO THE LAND OF SAJONI

### LOCATION OF THE SCHOOL

Swamiji carefully selected 50 acres of picturesque land at the foothills of Nilgiris at Kallar, 6kms from Mettupalayam in Coimbatore District, adjacent to hill railway track, a lovely place in an unpolluted atmosphere.

### SATCHIDANANDA JOTHI NIKETHAN INTERNATIONAL SCHOOL

The School, Satchidananda Jothi Nikethan International School, affiliated with CBSE New Delhi, is an English medium, Co-educational Senior Secondary and secular in nature, which emphasis on our great Indian culture, high moral values and universal brotherhood. In addition to high quality education, it provides excellent facilities for various co-curricular activities, Computer Education, Art, Yoga, Karate, Indian and Western Music, Dance, Philately and various other club activities.

### VISION

"We aim at producing global leaders who are physically strong; mentally alert; intellectually sharp; emotionally stable and spiritually enlightened to serve the humanity with determination, dedication, discipline and devotion".

### MISSION

We inculcate the young minds values, knowledge, wisdom, sportsmanship and universal brotherhood through inspiration and teachings based on the principles of Gurudev without compromising on our rich values, culture and traditions of our great country.

## FACILITIES

### SAFETY AND SECURITY

Keeping the Safety and Security of our children in mind, the entire campus has been concrete fenced; vigilant securities all through the day and night prevent the entry of any unauthorised persons into the campus thus making this campus free of intruders and tress-passers. Parents are advised to move only with their MOVEMENT CARD anywhere inside the campus. No outsider is permitted to enter the campus without the valid identity.

### LABORATORIES

True to the saying, 'I hear, I forget: I see, I remember; I do, I understand.', separate and spacious laboratories for Physics, Chemistry, Biology, Computer Science and Mathematics provide ample opportunities for children to unearth their skills under the watchful eyes of the subject experts. Regular club activities are also conducted besides science practicals so that children enjoy a hands-on experience.

### COMPUTER CENTRE

Technology has come to stay. It has changed the way we live. A well equipped computer centre and adequate number of advanced computers, have changed to match with, the way, that the present generation think. As the present day children are a 'think-ahead', generation, opportunities are provided in all fronts so that tech-savvy children are encouraged, nurtured and trained to face the 'mouse-moving' wi-fi world with these computers at ease. Children participate in all competitions and are allowed to browse the net, but under the watchful eyes of their computer teachers.

### LIBRARY

Producing global leaders is our mission. 'Today's reader is tomorrow's leader'. To expose our children to the world of books, a well stocked library with magazines, news papers and journals in as many languages are available. With over 15,000 books in stock, the library has become one of the sought after centres in the school even during holidays. A well equipped Audio-Visual room is also available for our children to experience the happenings around the world instantly. Children are encouraged to write their comments in a Book-Review form, given along with the book that they borrow, helping them to improve their book re-view skills as well.

### CLASSROOMS

Knowing our responsibilities that, A nation is built in classrooms, classrooms unite the minds of the teachers and the taught. Each student enjoys a separate desk and a locker, besides having their

personal space too. Technology assisted Edu-Com, makes the teaching-learning not only easier but an enjoyable experience. Each classroom of the size of 600 Sq.ft is well aerated, lighted and fitted with sufficient number of fans and lights. The window of each classroom is well protected from insect-nets that prevent insects entering the room.

## THE FACULTY

Highly qualified, Post-Graduate trained and dedicated teachers take care of the well being of the children both in the school as well in the hostel. They are oriented before the commencement of every academic year so that they are equipped with the latest trends in the art of pedagogy. Many are doctorates and some are doing their Ph.ds thus making the faculty, an amalgamation of knowledge, experience and wisdom. The school has a resident counselor who takes care of the emotional and other needs of both the boys and the girls. In all, children find in

our faculty a true friend, philosopher and a guide. A unique mentoring system makes children feel that they are safe in the trustworthy hands that shape their future destiny.

## GAMES AND YOGA

A healthy mind in a healthy body is a boon. To inculcate the importance of good health, Yoga is taught at the young age and regular Yoga classes in the mornings rejuvenate their mind and the body. Yoga trains children to promote their stamina, alertness and resistance. Children also play various games such as Cricket, Hockey, Badminton, Basket ball, Volley ball, Tennis, Table Tennis, ball badminton etc., Children are trained regularly in the above sports under the ever watchful coaches and are encouraged to represent the school from Sahodaya level

competitions to National level competitions. In addition we also host major tournaments such as South Zone Hockey for CBSE in October every year.

## MUSIC AND DANCE

To promote music in a big way, students are encouraged to choose either Indian music or western Music. Besides vocal music, various musical instruments are also taught. Regular dance classes improve their performance at the higher levels of their competition.

## KARATE

This martial art is taught for both boys and girls and regular exams are also conducted to award belts. Karate has helped them to be self-reliant and confident.

## NCC - AIR WING

Affiliated to TN Air Squadron, Coimbatore, students from classes VII onwards, are encouraged to take NCC in a big way so that they could represent at the RD parade every year at New Delhi. Children are encouraged to go for RD and Annual Training Camps held at various venues.

## THE FINE ART CLUB

Children are encouraged to do painting in various media such as pencil sketch, charcoal sketch, water colour painting and oil on canvas. Members of the the Art club meet every Sunday in the art room and discuss on the latest developments in the field of art. They are also taken to various exhibitions in and around to get to know the latest trends in the field of arts. Members of Media club cover all important events held inside the school and outside. Reports are sent to Dailies on regular basis.

## FREEDOM WITH DISCIPLINE

The life line of any institution is discipline. Education without discipline is useless and dangerous. So, more emphasis is given continuously to make children responsible for their act and make them accountable for their behaviour. This freedom with discipline is the key to progress. We aim that children become responsible and self-governed. Repeated counselling of erring children, help them to understand their mistakes and bring them on the right path.

## ROBOTICS

In order to make our students tech-savvy, students are introduced to one of the fast-emerging fields, Robotics. With tasks already pre-programmed, Robots are commanded to perform and execute them. Training children to perform at the National and International competitions is our priority.

## EDUCATIONAL TOURS & FIELD TRIPS

The school organizes Educational Tours escorted by teachers in the month of January. Children of all classes are encouraged to participate and by the time they leave school, they will have seen all major parts of the country thus raising their slogan strongly, 'Mera Bharat Mahan'.

Regular field trips, class-wise-are arranged by the school. Children are taken to places of importance and prominence in nearby towns and villages to understand, how important their role is to us in the society.

## LETTER WRITING

Children write letters home to express their love and affection to their parents. Letters are supplied by the school and an orientation is held to train them how to write letters. They are encouraged to write thus increasing their writing skills which is a vital form of communication. Children in turn expect their parents to reply to their letters.

## SENIOR SECONDARY

All those students who pass class X from various boards are eligible to apply for joining in class XI. to the following groups offered by the School.

### Science Group

English, Mathematics, Physics, Chemistry, Biology / Computer Science

### Management Group

English, Accountancy, Business Studies, Economics, Applied Maths / Computer Science

### Humanities Group

English, Psychology, Geography, Entrepreneurship, Political Science / Computer Science.

## PAADA POOJA

Upholding the tradition of this great country, the outgoing students of class XII students perform

Puja to the sacred feet of their parents. Knowing the importance of how culture of a country is deep rooted, students raise to the occasion, paying their reverence and respect to their parents. The whole ceremony lasts about an hour brings a heavenly feeling and emotion among parents is palpable. Children wash the feet of their parents and smear them with sandal paste, vermilion, flowers and rice grains. Children are also blessed by their teachers assembled and this event remains life-long for everyone gathered. We are glad at Satchidananda, such traditions are given utmost priority.

## THINKERS' FORUM

Aimed to inculcate book reading and reviewing exhaustively what has been read, before the august gathering, Thinkers' Forum of Satchidananda, is one of the sought after programmes. Calendared once a term, members of the Thinker's Forum meet in advance to come out with titles of the books to be presented and reviewed. Joining hands with children are the teachers who also regularly present reviews of the books read by them. Thinkers' Forum has not only strengthened the reading habits among children but also ignite

Satchidananda, is one of the sought after programmes. Calendared once a term, members of the Thinker's Forum meet in advance to come out with titles of the books to be presented and reviewed. Joining hands with children are the teachers who also regularly present reviews of the books read by them. Thinkers' Forum has not only strengthened the reading habits among children but also ignited in searching the latest titles of books available in the markets.

## HOSTEL

Separate hostel for boys and girls in a dormitory set up, bring safety and security to children. Rest rooms in every dormitory and a 24 hour hot water facility, make the hostel the most comfortable place to stay. Every dormitory, both boys and girls are well ventilated and protected with nets preventing mosquitoes entering the dorms. In a way, hostel becomes their second home.

## DINING

The school offers vegetarian cuisine, well tastier and palatable. Prepared by the experienced cooks and served with love and care, children enjoy the meals unlimited quantity. RO treated drinking water both hot and cold, is available to our children. A well prepared menu for all seven days by experts in food management, over see the quality of food served to children day in and day out. At the same time, children are taught not to waste food and water, our nation's precious resources.

## HEALTH CENTRE

Children who fall sick are taken care in our health centre, which is a 20 bed infirmary with all basic medical care. With three well trained and experienced nurses staying in the campus and a visiting doctor everyday, the medical care of the children are given top priority. Wherever, special care is to be given, we have tied up with a local

hospital at Mettupalayam which is a multi-speciality centre to treat those who are in urgent need of medical attention. Regular medical, dental check-ups and Eye camps become part of the medical routine in school.

## ECO CLUB

Sensing the need to protect the degrading environment and to bring awareness, Eco club formed in schools takes care of the concerns facing the environment. Besides taking out rallies, saplings are regularly planted to add more greenery in the campus. If the campus is lush green much to the envy of visitors, credit goes to the members of the eco club who take care of the cleanliness of the campus too. Environmental issues are highlighted in the assemblies and a sense of pride is instilled in children on the need to save our earth and environment to the posterity.

## THE FARM

To appreciate the work of farmers and to sensitise the issues of farmers face in Agriculture, children are taken to a farm that we have created in our vast campus. The farm takes care of the immediate needs such as vegetables and fruits as farm products. At the same time, regular visit by children have made them realise plight of farmers as well.

## LOTUS LEARNING

Shifting the whole process of teaching-learning from competition to co-operation, children are encouraged to form a healthy group for peer-study. In this way, peer pressure is taken off completely and a healthy peer group is created. Subject toppers in the respective classes pool their resources - supported by their peers - and a healthy environment is created for a better synergy and understanding.

## RIFFLE SHOOTING

With the commissioning of a 10-metre rifle shooting range with 15 lanes on the school premises, our children are ready to hit the Bull's eye. The sports facility will increase the hand-eye coordination of our children and their enthusiasm is palpable already.

## AERO-MODELLING

Highlighting the significance behind the flight of aeroplanes, children are taught the concept of aero-modeling. Besides getting to know the various designs and models, children are

encouraged to witness air shows and visit Aeroplane museums. We put their dreams on the flight at a very young age.

## CULTURAL EXCHANGE PROGRAMME

To foster brotherhood among students across the world and to make our students global citizens, we have signed MoUs with two of the schools in Europe. Bourne West Field Primary Academy (BWPA) Bourne, UK, and Konigin Luise Gymnasium, Erfurt, Germany. Faculty and Students exchange between schools are the main agenda.

## ADD-ON COURSES

### PHILATELY

Stamps have become our inseparable companion. To make children aware the importance of stamps, all students have been enrolled as members. The school boasts of 100% Philately membership. In this connection our children participate in all Philately competitions held in Southern India with great enthusiasm.

### ABACUS

To increase the computing skills, children of the lower classes are trained in Abacus. This has helped a great deal in tackling arithmetic problems during tests and examinations.

## HINDI

Though Hindi is offered as second and third language, priority is given to spoken Hindi.

## HANDWRITING

A neat handwriting is an added skill. Besides helping in scoring good marks in examinations, a decent handwriting reflects a good personality of an individual. Regular practice is given to students so that their self-esteem is boosted.

## I-COACHING

An integrated coaching for all competitive examination including JEE / NEET, is organized in school on Saturdays. Students from std 9 to 12 are coached to prepare themselves for the Technical / Medical entrance examinations conducted by the various boards and Universities across the country.

## INSIGHT

A Psychometric test to identify the potential of the child from class 8 onwards is conducted by the clinical Psychologist. This test helps children

as a road-map to choose the groups of their choice in the Senior Secondary Classes and paves way for selecting their career as well.

## DICO MASTER

To improve the leadership and effective communication skills among children, DICO MASTER club meets on Saturdays after dinner in the school gallery to fine tune their skills in oration, presentation and delivery. Members of the club take part enthusiastically and ensure that language skills reach new heights.

## Our Calendar

### THE ACADEMIC YEAR

The Academic year begins in April and ends in March in the following Year.

### SUMMER VACATION

It lasts about a month in May every Year.

### SUMMER CAMP

After the Final examinations are over, every year, the School conducts a summer camp for a fortnight in sports – Hockey, Cricket, Basket Ball, Table-tennis, Tennis, Badminton, Swimming etc., and a Knowledge Quest Camp to make children improve their personality. This camp includes communication skills, drawing, debating, etc., With a slogan “Catch them Young,” this camp has been the most sought after one in the month of April-May every year.

### SHORT BREAK

There will be a short break of 5-6 days, for Deepavali & Pongal. Students from near by places will be permitted to go home. Other students can stay in the school if so desired. Long week ends calendared, help children to see their family members and get themselves recharged.

## ADMISSION PROCEDURE

### REGISTRATION

Every year the registration for Classes IV - IX (admission to the forthcoming academic year) will open in October and for std XI after the declaration of class X results of CBSE.

### ELIGIBILITY TEST

Eligibility test both in written and oral - interface - to assess the suitability of your child's stay in hostel will be conducted. Dates of both will be intimated well in advance. All the students registered are to take up the eligibility test.

### RESULTS

Results of the eligibility test will be communicated within a fortnight. Admission forms will be made available along with the results of the eligibility test with all the necessary instructions and formalities.

### ADMISSION

Admissions will be based on the result of the eligibility test, followed by a personal discussion. Every student will be tested in English, Maths and Language.

Our main intake will be in Class IV, V, VI, VII and in case of Vacancies arising in higher standards, admissions may be considered.

Students should have completed 8 years for class IV, 9 years for class V and 10 years for class VI and so on at the time of joining.
